Thursday, August 17, 2023   5:23 PM

TOPICS/MODULES
Hashing/Hashing functions
2. Authentication and Authorization
3. Salting
4. JWT
5. Spring Security
6. OAuth
8. CORS
9. Monitoring(Spring Actuator)

LEARNING OUTCOMES
Understand what hashing is
2. Differentiate between Authentication and Authorization
3. Understand what Salting is
4. Understand what JWT is and its parts
5. Understand how to Spring Security works
6. Know how to authenticate using Oauth
